Re: Letter of Recommendation

Daryl,

I wanted to take a minute to express my gratitude for the services of DEC Fire and Restoration Company on both my personal home claim as well as the number of times you have served my clients. It is refreshing in today's business climate to see a company and their employees approach their work with honesty, integrity, and genuine concern for their client's loss.

It is never easy, as a homeowner or a business owner, to deal with a sudden loss or damage to property. DEC Fire and Restoration Companies employees took a compassionate and genuine interest in the loss of property. As well, your employees went above and beyond by taking on the burden of communication with my insurance carrier. In the end, I honestly believe that your companies involvement in the claim lead to a far better experience than had you not been involved.

Feel free to share recommendation with any potential clients that are unsure who to call and that they realize that DEC Fire and Restoration Company will continue to be the first phone call I make in the event that we experience a future claim. Thank you for all that you did for my family and what you continue to do for my clients.

Best Regards,
